

OUR TOWN.

Ft. Worth, the city where the west begins, is having its fill of masked terror. Red flares burning in the night sky as fiery symbols of the cross warn the administration that the Ku Klux Klan is still alive and doing business at the same old stand. The crosses of flame tell City Manager Carr that the Ku Klux Klan disapproves his course in dismissing two Klan employees in the health department of the city government. Manager Carr comes back with a defi to the Klan and says the men were dismissed because no public necessity existed for their employment by the city. And so the city where the west begins, built by cow men who cherish liberty, must heed the ominous warning of the masked plunderer or take the consequences of threatened political reverses. Will Hanger whose work was pronounced good as stage manager for the Klan convention that sent Zeke Marvin to New York to vote for McAdoo, is found directing the protest in Fort Worth. Hanger is one of the sullied heroes of a punctured political romance in Texas that gave popularity to the song "It aint gonna rain no more," and we trust that through the efforts of manager Carr the hooded thirst for power will go unquenched for a long time in the city where the west begins.

Whether in the sullen light of a city swept with flame as crosses flare forth in the night; hooded cabals to thrust at liberty; purloining ballots in school elections; wielding the lash; boycott; persecution to satiate a villainist bigotry or group politics to control the functions of government for a few as against the many, it makes no difference. The inevitable revelation is made. The Klan thirst for power knows no restraint. It has said: "If you do not administer the government for the benefit of the Klan we will drive you from power." The Fort Worth incident furnishes an index to the purpose for which the hooded empire seeks dominion. It is a character study of the Klan and proper deductions should awaken the people to its menace.

Dr. Hiram Wesley Evans, king of the white robes, in departing for Washington, says the Klan will not put a candidate in the field next year for governor. He adds significantly that the Klan will be on the "side of good government." Seems we recall a similar claim before the last primary. The Klan had no candidate but the secrecy of the klavern was penetrated and it was disclosed that Felix Robertson was choice over Collins and Barton and in a referendum submitted to the subordinate Klans the former police judge won out but was tamed by Ma Ferguson's great democratic victory. Democrats must be on guard. They should support no Klan candidate or any candidate running with the endorsement of the Klan. One thing certain Miriam A. Ferguson will not be endorsed by the Klan or in any way run as its candidate.

The Sokols, a national association of lodges for the promotion of athletic training among the young people, sponsored by the Bohemians and having its birth in the land of Bohemia, will demonstrate the quality of the work in Cameron on Sunday August 16. Hundreds of people will be here for the exercises in the City Park and learn of the wonderful work being done by the Sokols in promoting physical education.

To W. A. Morrison president of the county board of education belongs the credit for arranging a county wide meeting of school trustees to be held here on Aug. 12. This meeting will call for the convention of 248 school trustees in Milam county. They are the men and women on whom the success of the rural schools depend. Let us show our appreciation for their work and give them a royal welcome

S. M. N. MARRS TO ADDRESS TRUSTEES AUGUST 12

Sokols To Exhibit in Cameron Sunday August 16

SOKOLS HERE FOR PROGRAM AUGUST 16

INVITATION OF COMMERCIAL CLUB ACCEPTED BY ATHLETIC SOCIETY.

The Sokols will be in Cameron for a mammoth program of gymnastics on Sunday August 16th, the program to start at 3:30 in the afternoon.

Co-operating with the Buckholts lodge will be the lodge from Seaton where a program was given on last Sunday.

Prof. Josa Havranek and John Stasa, president of the Sokols at Buckholts were in Cameron Wednesday to make arrangements for the coming entertainment. With them was Mr. Kadlicek who has taken an active interest in the work.

Judge Chas. Chernosky of Houston former county judge of Fort Ben county, who delivered the address at Buckholts, will speak in Cameron on the day of the exercises. The speech will be heard at about 5 o'clock, following the exercises.

The Sokols will bring their own band for music for the gymnastics. The Cameron band, it is understood, will be asked to start a musical program at 2 p. m. at the city park where all the exercises are to be held. Full program and details will be announced in a few days.

The Sokols are coming to Cameron on invitation of the commercial club and full co-operation will be extended to make the program a success.

In arranging the program care has been taken not to interfere with any of the church services.

The entire public is invited to attend this entertainment and to encourage the work of this society.

RAINFALL HELPFUL TO CROPS OF THE COUNTY

PRECIPITATION RANGES IN DEPTH FROM ONE TO TWO AND HALF INCHES.

A slow rain that covered Milam county on last Saturday and Sunday preceded by a cool norther, the first of the year, is reported to have aided farm growth in many sections of the county.

The rainfall in Cameron was about one inch including the fall on Sunday. This was the best rain in more than 15 months, breaking the backbone of the worst drought and heat season in the history of the county, and ushering in the fall season.

In some sections it is reported that as much as two and a half inches fell. This rain was reported in the Ben Arnold and Vogelsang communities. Across the river in the sand districts the rain will result in the greatest good. The rain was too light in the black land districts to be of much benefit to cotton although some feed stuff has been planted following the rain.

No hopes are held out for a cotton crop unless about 10 inches of rain comes within the next ten days.

Blankenship Waives Hearing and Is Placed Under Bond.

Keet Blankenship, charged with murder and with intent to murder, growing out of the cutting affray at Buckholts several weeks ago in which Billie Hill was killed and John Hill, th efather severely cut, waived examination in justice court Wednesday and was placed under bond in the sum of \$2,500.

The case will now await the action of the grand jury. Blankenship was seriously wounded in the fight from an attack made on him with an automobile jack.

Mr. and Mrs. Will Stafford, Miss Glen Stafford and Miss Edna Douthitt of Rockdale are enjoying a camp at River Beach this week.

Water Company Is Laying Pipe Line.

The water company this week have received two car loads of pipe to be used in laying water mains in the oil mill district and in the south section of the town.

The pipe is laid by permission of the council. The clause requiring 6 inch water mains to avoid penalties has been set aside to give permission to lay mains in that section of the city.

One of the advantages will be the protection afforded to the oil mill.

OPEN COUNTRY CLUB FRIDAY NIGHT AUG. 14

RECEPTION TO MEMBERS AND INVITED GUESTS FROM 8 TO 10 P. M.

At a meeting of the Board of Directors of the Country Club Tuesday night final arrangements were made for the formal opening of the New Club House.

The Directors of the Club feel that the building committee have done very well indeed, and all are proud of the Club grounds and the New Club House.

The formal opening is to be Friday August 14th, with a Golf Tournament during the forenoon and afternoon, with appropriate prizes for the successful players. This tournament will be under the direction of the Greens Committee.

The Club House Opening will be in the evening from 8 to 12:30, with a general reception from 8 to 10 and dancing from 10 to 12:30. Arrangements are being made by the House Committee for an Orchestra of State-wide reputation to furnish the music for the entire evening. The receiving line will consist of the officers and directors with their ladies.

Guest attendance will be by invitation and admission by card only.

It is expected there will be a number of out of town guests as well as guests living in town, and the House Committee, who has charge of the opening have appointed committees to attend to every detail, thus insuring a memorably enjoyable time for everyone.

The country club is the goal of a community dream that has been kept alive by a few faithful citizens for a number of years, among them Royal P. Jeter who is president of the board of directors. The club meets a very definite need for an exclusive social center in Cameron and provides recreation for business men and their families that will make of it a cherished community asset in the years to come.

HOME FOR NURSES AT THE CAMERON HOSPITAL

STEP FORWARD FOR SANITARIUM SEEN IN NEW PLANS HERE.

The many friends of the Cameron Hospital will be interested in the announcement that a home for the nurses will be erected at the hospital in the near future.

This announcement is made by Dr. W. R. Newton who says that in addition to the home to be provided for the nurses the school of instruction will get on as in the past. Many competent nurses are graduated from this school of instruction each year and the hospital will continue this good work.

The announcement of the forthcoming construction of a home for the nurses is regarded as significant step in the growth of the institution which is prized as one of the big assets of Cameron.

No details have been announced as to the architectural design or structural features of the home but it will be in keeping with the plan of the hospital to always provide the best.

Dr. Edward Rischar and Dr. W. R. Newton own and operate the hospital which is one of the largest and best in this section of Texas.

Price & Oehl Move Funeral Home To New Location.

The Price & Oehl funeral home, the only exclusive undertaking establishment in Milam county operated in Cameron, has been moved from the Hefley building formerly operated by the Henne & Meyer Company to the building adjoining the Matula grocery.

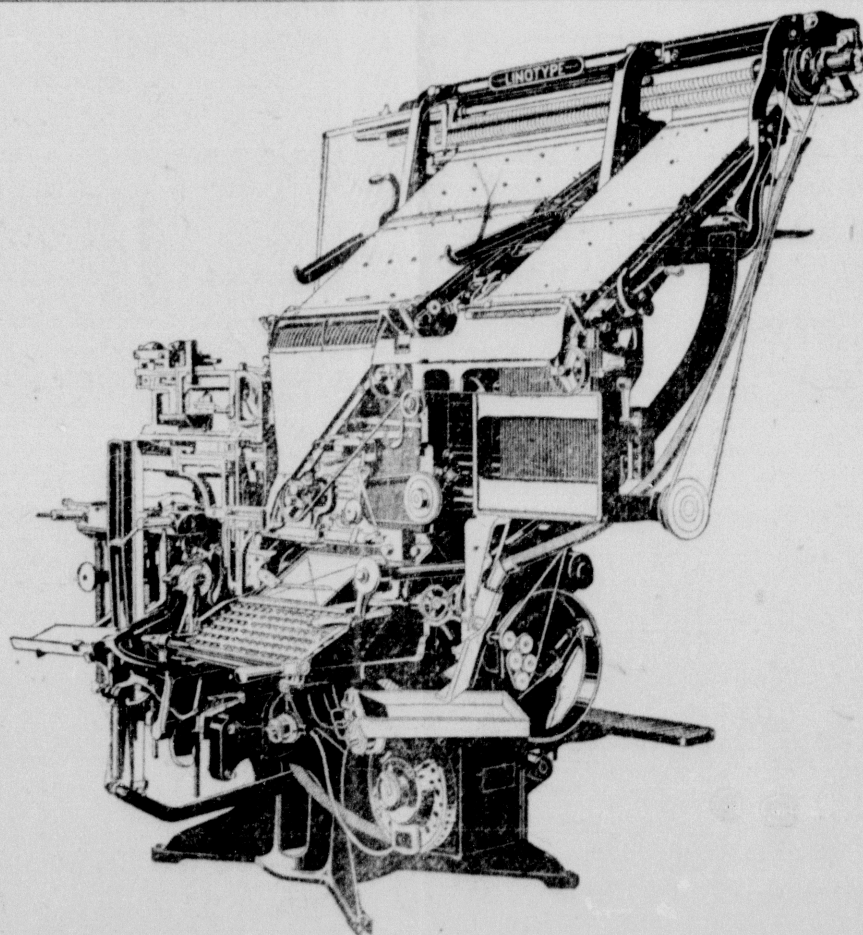

In moving to this building Messrs. Price & Oehl have remodeled the building and have provided a funeral home suitable for undertaking service that will meet the needs of Cameron and Milam county.

One of the features of the home is the provision for service to be held if desired by providing a chapel.

Mr. Price is ably assisted by Mrs. Price in the operation of the business. Ambulance service is maintained day and night. Mr. Oehl comes to Cameron a welcome citizen.

Friends of Mr. and Mrs. Price are invited to visit the home and look over its appointments so well arranged for funeral services.

Judge John Watson and Judge Jeff Kemp went to Rice School House on Tuesday.

This Model 14 Mergenthaler Linotype machine has been installed by the Herald Publishing Company. The machine is one of the best and most elaborately equipped to be found in Texas and has been installed at great cost to the paper. It will enable the

MORE EFFICIENCY FOR RURAL SCHOOLS URGED

MRS. KATHRYN ROBBINS ATTENDS MEETING AT A. & M. COLLEGE.

More efficiency for rural school supervision was urged at the meeting for county superintendents at College Station last week attended by Mrs. Kathryn Robbins, county superintendent for Milam county.

The meeting is a course of study for county superintendents not offered by any college or university over Texas, and each year a large number of county superintendents over Texas attend the course.

S. M. N. Marrs, state superintendent of public instruction was present at the meeting and addressed the superintendents.

Miss Kathryn Cook of the department of rural education from Washington was on the program. She told the superintendents of many things that may be accomplished in rural education.

Mrs. Robbins in discussing the meeting said that although Texas is 39th in point of developed learning through the medium of public schools, the state is awakening to its responsibilities. The recent educational survey disclosed some startling delinquencies in the school system of Texas, she said. One of the things sought in the improvement program is consolidation and transportation.

She says the county is far behind in concentration and with no transportation anywhere. As an inducement to concentrate the state has offered a bonus of \$1000 to the first school to concentrate and in addition will pay \$500 toward the operation of transportation.

The per capita for transportation has been \$10 but has been cut to \$5 in the retrenchment program, although more money is being given rural education that at any time in the past four years.

In discussing the concentration program as outlined for more efficient rural education, Mrs. Robbins points out that it is not the plan to take away schools from the communities in which they exist for the lower grades but would mean better facilities and transportation for pupils in advance grades, giving high school advantages to all.

Mrs. Robbins in her service as county superintendent hopes to see the concentration and transportation features of the better educational program carried out in Milam county. Mrs. Robbins says the county board of education is doing a great work for rural education in Milam county and is a great assistance to her in her work.

100 Pound Gar Is Caught In River.

An alligator gar weighing about 100 pounds and measuring 6 feet in length was caught near McCown bridge in Little River Wednesday night by Paul Laake, city route carrier in the local post office.

The gar was caught on a trot line with a large hook, slugged with an oar and towed to the bank. The gar was placed on exhibition Thursday at the Whitley grocery and many citizens viewed it.

Fugitive From Milam Captured.

David Castillo, Mexican, fugitive from Milam county on a charge of shooting another Mexican on November 9th of last year at a dance near Thornale, was arrested on information furnished by Sheriff Blaylock who dispatched Chas. Sens, constable to Victoria for the fugitive. Mr. Sens returned Tuesday with the Mexican from Victoria.

Mrs. F. Hicklin who has visited her daughter Mrs. R. D. Brown, left Friday for Dallas to be present at the birthday party of her two-year old grandson before her return to home in Weatherford.

COUNTY BOARD MAKES PLANS FOR GATHERING

LIONS CLUB AND COMMERCIAL CLUB JOIN EFFORT TO ENTERTAIN.

S. M. N. Marrs, state superintendent of public instruction will be the principal speaker here August 12 when the school trustees of Milam county gather for their meeting arranged under the supervision of the county board of education of which W. A. Morrison is president.

Co-operating with the board is Mrs. Kathryn K. Robbins, county superintendent who is also to be on the program.

The sessions of the meeting will be held in the district court room and at noon in the city park a barbecue dinner will be served the visiting school trustees and their wives. In all there are 248 school trustees in the various school districts of Milam county.

The Lion's club and the Commercial Club are lending their co-operation to make the meeting a success.

President Dan Tyson of the Lion's club has named the following committee to assist the board of education: Thomas A. Fisher, chairman; F. B. Cable, S. M. Burns, Paul Webb, and R. H. McIntosh. For the commercial club John E. Mangum and Ray Burke of the entertainment committee are assisting.

The address of Mr. Marrs will be heard at ten o'clock. He will speak on "The County Unit System." This phase of the educational work in the rural districts is urged by the report of the educational survey.

W. L. Hughes of the rural school division of A. & M. College will speak in the afternoon on consolidation and transportation.

Mrs. Robbins in a discussion of the problems of the rural schools will bring before the meeting a number of questions. Among them will be "Co-operation with the Teacher."

The County Board of Education is composed of the following: W. A. Morrison, president; Thomas A. Fisher, Cameron; J. R. Wallace, Yarrington; B. R. Thompson, Sharp; John C. Scott, Rockdale.

All those interested in the problems of the schools are urged to attend the session.

Mike Coleman Is Wire Inspector.

Mike Coleman as inspector for electric wiring in the city of Cameron inspected the installation of the big Mergenthaler Linotype machine in the Herald plant this week.

Mr. Coleman gave the job the okay and the big machine is now in service for the improvement of the paper. The electric wiring was done by W. A. Copus.

Lester Green To Bank In Wharton.

Lester Green has accepted a position with the Wharton Bank & Trust Company and has gone to Wharton. He was accompanied there last week by his father Logan Green.

The many friends of Lester in Cameron will be glad to learn of his connection with this bank and wish for him success.

Hutcherson Back From Paris Trip.

Rev. E. S. Hutcherson pastor of the Baptist church has returned from a weeks visit to Paris and other sections of North Texas. While in Paris he officiated at the wedding of his brother who with his bride are visiting in Cameron.

The pastor will be in the pulpit at both hours Sunday and the congregation welcomes his return after a prolonged absence.

Mr. and Mrs. Robert Browning left Wednesday to spend two weeks with relatives in East Texas.

PRICE CUT ON CHEVROLET CLOSED CAR MODELS

EFFECTIVE AUGUST 1ST CAM-
ERON CHEVROLET CO.,
ANNOUNCES, PRICE.

Closed Chevrolet cars have been re-
duced according to announcement re-
ceived by Joe Middleton, manager of
the Cameron Chevrolet Company from
the factory at Detroit.

Announcement of a price reduction
effective August 1 on Chevrolet closed
models was made today by R. H.
Grant, general sales manager of the
Chevrolet Motor company.

The revised price list is as follows:
Coupe reduced \$40 to new price of
\$675; Coach reduced \$40 to a new
price of \$695; Sedan reduced \$50 to
a new price of \$775.

"The record production and phenom-
enal sale of Chevrolets during re-
cent months enables the company to
reduce prices at an earlier date than
at first had been contemplated," said
Mr. Middleton. "It is the result of
quantity production permitting qual-
ity manufacture at lower cost."

Mr. Middleton pointed to the fact
that the Chevrolet Motor Co. will
have exceeded by August 20 its total
production for the year of 1924 after
having established production records
for three successive months. The
company will make its two millionth
car early this fall, and will be the
first manufacturer of three-speed
gear-shift to reach that production
mark.

"The largest producers gain an ad-
vantage by effecting substantial sav-
ings through enormous purchasing
power," continued Mr. Middleton. "The
Chevrolet Motor company is passing
this advantage on to the car buyers."

Incidentally, the benefit of the price
reduction will extend also to more
than 8,000 persons holding Chevrolet
Six Per Cent Purchase Certificates
for future delivery on closed models.
The payments and interest on the
Certificates now will attain the total
of a down payment for delivery ear-
lier than would have been the case
under the former price schedule.

DAIRY FARM AT ROCKDALE SOLD AT FANCY PRICE.

Rockdale, Texas, July 31.—One of
the largest deals in the Rockdale
shallow oil fields recorded recently is
the sale by W. E. Gaither of a lease
on 26 acres of his dairy farm, two
miles north of town, to the Chicago
Land and Oil company at \$100 an
acre. The tract lies between the lease-
s of the Bowman Oil company and
the Milam Production company, both
of which contain good producing wells.
The new company has a rig set and
will drill immediately, and expects to
develop the lease thoroughly.

The Milam Production company No.
1 Gaither is on the pump and pro-
nounced one of the best pumpers in

No. 2165.
THE STATE OF TEXAS.

To the Sheriff or any Constable of
Milam County—GREETING:

You are hereby commanded to cause
the following notice to be published
in a newspaper of general circulation
which has been continuously and
regularly published for a period of
not less than one year preceding the
date of the notice in the County of
Milam State of Texas, and you shall
cause said notice to be printed at
least once each week for the period
of ten days exclusive of the first day
of publication before the return day
hereof.

NOTICE OF APPOINTMENT OF
TEMPORARY GUARDIAN.
THE STATE OF TEXAS.

To all persons interested in the
welfare of Lilly Mae Beard, Bertha
Adeline Beard, Arta Mishia Beard,
minors, Mrs. S. E. Beard was, by the
County Court of Milam County, Tex-
as, duly appointed Temporary Guard-
ian of the estates of said Minors,
which appointment will be made per-
manent, unless the same shall be
successfully contested at the next
term of said Court, commencing on
the first Monday in August A. D.
1925, the same being the third day of
August A. D. 1925, at the Court
House thereof, in Cameron, Texas, at
which time all persons interested in
the welfare of said Minors may ap-
pear and contest such appointment,
if they see proper to do so.

Herein fail not, but have you be-
fore said Court, on the said first
day of the next term thereof, this
Writ, with your return thereon, show-
ing how you have executed the same.

Witness, Lillian Atkinson, Clerk of
the County Court of Milam County.

Given under my hand and the seal
of said Court, at office in Cameron,
Texas, this the 2nd day of July A.
D. 1925.

LILLIAN ATKINSON,
Clerk County Court Milam County.

the field. Gaither No. 2 is drilling.
The Anchor Oil company No. 1,
Hamilton, completed last week, is
flowing at the rate of 25 barrels dai-
ly. The Junior Oil company Hamil-
ton No. 1 is pumping 25 barrels and
No. 2 is drilling. E. Noack has spud-
ded in on the Kirchenwitz tract, west
of and adjoining the Hamilton farm.
The Clear Lake Oil company is
ready to drill in its Coulter No. 5.
The Bartlett Oil company is drilling
on its Coulter No. 5 and John E.
Lee is ready to drill in his Phillips
No. 2.

Baggett Brothers are drilling at
600 feet on the J. P. Kevil No. 1.
This test is just out of the city li-
mits.

Roy Long has had three separate
oil showings in his Shroeder No. 3
and is drilling at 1800 feet. The Eagle
Drilling company is drilling at 1300
feet on its Joe Brown wildcat, six
miles west of here. The John E.
Lee No. 1 Isaacs wildcat deep test,
four miles north, is down to the
2800 foot level and is waiting for a
heavier rotary rig.

NOTICE OF APPLICATION TO LEASE MINOR'S LAND

Notice is hereby given that the un-
dersigned, Mrs. S. E. Beard, tem-
porary guardian of the estates of
Lilly Mae Beard, Bertha Adeline
Beard and Arta Mishia Beard, mi-
nors, has made application to the
County Judge of Milam county,
Texas, wherein said guardianship is
now pending, for authority to make
an execute an oil, gas and mineral
lease on two certain tracts of land
situated in Milam county, Texas, and
described as follows, to-wit: 100
acres out of the Wiley Harrison one
fourth league and 8 acres out the
Frederick Ernst survey and being all
of the land owned by us in Milam
county, Texas.

And said application will be duly
heard by said County Judge on Fri-
day July 10 1925, at his office in the
City of Cameron, Milam county,
Texas, and this notice is published as
directed by revised statutes of Texas.

Witness my hand this 2nd day of
July A. D. 1925.

MRS. S. E. BEARD,
Temporary Guardian of the estate of
said minors named herein.

THE COST OF IGNORANCE.

Somebody has said, "If you need a
thing, you pay for it whether you get
it or not."

This is literally true as applied to
education. You need an education—
everybody does. It will cost you
something in time, effort, and money
to get it—but it will cost you far
more not to get it. It will cost you
opportunities that you cannot grasp;
it will cost you salaries that you can-
not earn; it will cost you promotions
that you cannot accept; it will cost
you the chance to be somebody, and
to do something in the great world
of business.

Who mixes the mortar, carries the
bricks, shovels the dirt, drives the
delivery wagon, and does the domes-
tic service necessary to keep this
world rolling? Certainly not Book-
keepers, Stenographers, Accountants,
Typists, Penmen, Radio or Telegraph
Operators—the people with special
training for clean, dignified work.
Unpleasant tasks always fall to
the uneducated man or woman.

That is why Tyler Commercial Col-
lege, Tyler, Texas, has prepared the
Private Secretarial, General Busi-
ness, General Banking, General Rail-
road, General Western Union, Book-
keeping, Shorthand, Penmanship and
Radio courses.

Now, you are ambitious—if you
were not, you would not be reading
this article and would not read it
through. You are looking forward
to a career of some kind. You want
to be a banker or a manufacturer or

an accountant or a United States Mail
Clerk or a Radio Expert, or you want
to manage a business of your own.
You want to enjoy a reasonable
amount of prosperity—at least such
as will enable you to have most of
the comforts and luxuries of life.

Your dreams are the dreams of the
educated—not the ignorant. Then,
"Achieving Success in Business" will
interest you. This book is published
by Tyler Commercial College and will
be sent to you free for the asking.
Just fill in the coupon printed below
and send it for the helpful book of in-
formation and inspiration. It is
FREE.

We have no branch schools any-
where. We lead; others follow.

ONE MILLION Acres Of Land IN MILAM COUNTY Over 200,000 Under Lease

This big area under lease emphasizes the importance of the
structure in Milam county in the prospective development of the
oil field.

In the leased area land titles and valid leases as well as royalty
contracts should have the security of ABSTRACTING service
and lease buyers, royalty contractors and those to whom leases
are assigned may have perfect assurance of safety if they make
sure of the validity of both title and lease records.

What is better than our abstracting service? For only a small
sum security can be had.

SOCIETY NEWS

BY MRS. JEFF T. KEMP

BELTON WEDDING.

Cameron friends will be interested to know that Miss Elizabeth Potts, only daughter of Mr. and Mrs. A. D. Potts of Belton, will become the bride on August 27 of Dr. Paul Bassel. Many parties and receptions have been arranged in her honor. Thursday afternoon Mesdames James B. Hubbard and Harry T. Cochran entertained with an informal reception naming Miss Potts as honoree, the first of a pretty series to be given for the bride elect.

LAWN PARTY.

Mac Maples and his sister, Miss Kathryn Maples spent last week with Temple relatives and while there were honorees at a beautiful lawn party. The Temple Telegram gives the following account of the pleasing hospitality:

Hamlett Tomlinson gave a jolly lawn party, Saturday evening of last week, at the home of his parents, Mr. and Mrs. D. W. Tomlinson; honoring his cousins, Miss Kathryn Maples and her brother, Mac Maples of Cameron.

The lawn was gaily decorated and lighted and made a very pretty setting for the pleasant affair, and the delightful hours passed all too quickly. Strolls, and just the kinds of games to delight young hearts, were the principal features of amusement. The guest list included twelve couples of the younger set.

Delicious iced punch was served throughout the evening, and chocolate covered creams were served as special refreshments to the following young folk: Miss Kathryn Maples of Cameron, Miss Annie Alice Berry of Waco, formerly of Temple; Misses Myrtice Rushing, Jeanette Gillespie, June Eva Alexander, Marjorie Karbach, Olive Casteman, Dorothy Gardner, Mary Frances Goldsborough of San Antonio, Melva Caldwell, Margaret Zarr and Frances Barton; Mac Maples of Cameron, Jack Culp, Theodore Smith, Raymond Moore, Albert Barton, J. D. Carroll, Alvin Jacobs, Clarence Uelton, Dan Wade, Prater Alle, Theron Berry of Waco, and Hamlett Tomlinson.

Mr. and Miss Maples were the recipients of several other pretty courtesies during their week's visit in the Tomlinson home.

Mrs. Etta Ringgold, Home Demonstration Agent for Milam county, attended the Farmer's Short Course at College Station last week. Several Club members under Mrs. Ringgold's direction were winners of substantial prizes in the State Contests. At the close of the session Mrs. Ringgold in company with Mrs. Dora Barnes, State Clothing Specialist and Miss Hill left for a three weeks tour of the Golden West.

Mrs. B. B. Blaylock left Tuesday for Dallas where she joined Rev. Blaylock in their new home. Their son, Truett Blaylock and wife will continue to make their home in this city. During their several years residence in this city, while Rev. Blaylock was pastor of Memorial Baptist church, they made warm friends who sincerely regret their departure, but who are wishing for them all success and happiness in their new home and work.—Temple Telegram.

Miss Florence Goldberg, daughter of Mr. and Mrs. Ben Goldberg of this city, who has been teacher in the first grade at Dickson school for the past three years, will leave today for Austin, where she goes to accept an appointment of Gov. Miriam A. Ferguson in the Texas State Health department, under Dr. H. O. Sappington. Her many friends are wishing for her much happiness and success in her new work.—Temple Telegram.

LOYAL WOMEN'S COUNCIL.

Mrs. G. C. Walters entertained members of the Loyal Woman's Council Monday afternoon in her attractive bungalow home. Mrs. Guy Slocomb led the Bible Study. Mrs. Grimmer of Austin was a visitor.

WALSTON-McLARTY.

Mr. J. Alfred Walston of Cameron was married on Sunday July 26th to Miss Cynthia Mae McLarty, sister of Mrs. Prentiss Redfield a well known former resident of this city, where the bride frequently visited.

Congratulations are being showered upon Mr. and Mrs. Walston who have arrived in Cameron after a short honeymoon trip and have an apartment in the home of Mr. and Mrs. Horton Garner on north Houston Avenue.

The groom is a popular and affable young man, son of Mr. and Mrs. J. A. Walston and possesses all thester-

ling qualities that belong to that excellent family. The charming bride is the daughter of Dr. C. M. McLarty of Giddings and has a wide circle of friends over the state.

The wedding was solemnized in the home of the bride's uncle, Mr. Everett Monroe, 1923 S. 10 St., Waco, which was decorated for the bridal occasion with flowers of the summer season. The procession entered to the strains of the Lohengrin Bridal Chorus played by Mrs. Duke Kimbrough.

The bride wore a lovely costume in ashes of roses, tones, with picture hat and accessories in harmony. She carried an armful of sweetheart roses.

Miss Margaret McLarty, the only bridesmaid, was attractive in a silver gray costume with corsage bouquet of pink roses.

C. M. McLarty, brother of the bride was best man.

Dr. W. W. Melton read the marriage service.

Out of town guests for the wedding were Mr. and Mrs. H. H. Reat and little son of Lexington, Mrs. Charles Stahl and little daughter of Kinksville, Mr. and Mrs. Sanders Barnhill and C. M. McLarty of Dallas.

Mr. Ed. Kolba of the Buckholts State bank and Miss Ellen Pruitt were married Sunday morning at the Methodist church in Cameron by Rev. R. S. Marshall. Only members of the parsonage home witnessed the impressive ceremony.

The best wishes of a host of friends are extended to Mr. and Mrs. Kolba by the Herald.

42 PARTY.

Mrs. E. P. Werner entertained Thursday afternoon at 4 p. m. in honor of her cousin, Mrs. W. T. Buchanan of Waco, with a 42 party. A lavender and pink color scheme was recognized in all the details of the hospitality. Crepe Myrtle and Perennial Phlox were lavishly used in the decorations. After the three tables of players enjoyed a spirited series of games, pink ice cream and angel cake squares iced in lavender with embossed pink roses were passed.

ed. Hand painted plate cards, the work of Miss Mary Randolph, sister of the hostess, bore a poetic fortune for each guest who was grateful to Mrs. Werner for a delightful afternoon.

WOMAN'S MISSION UNION.

The President, Mrs. Conn Miller, conducted the monthly business meeting of the Woman's Mission Union at the church Monday afternoon with a good attendance present.

The Bible lesson was from the second chapter of James. Reports of officers and committees were made.

Next Monday the circle will meet in the following homes: Circle one with Mrs. Elbert Martin, circle two with Mrs. J. D. Dobbins, circle three

with Mrs. S. M. Burns, Sr., circle four at the church.

METHODIST MISSIONARY.

Monday afternoon the regular monthly business session of the Woman's Missionary Society was held at the church. In the devotional exercises preceeding Mesdames Rylander, Welch, Baskin and Tate took part. Reports of the officers were heard and financial affairs discussed. Next Monday Mrs. S. P. Doggett will conduct the Mission Study Lesson from Chapter 5 of China's Real Revolution.

PRESBYTERIAN AUXILIARY.

The three circles of the Presbyterian Auxiliary met Monday after-

noon for a study of Book of Jeremiah in the following homes:

Circle one with Mrs. Lu Meyers, five members were present.

Circle two with Mrs. Charles McDermott, with an attendance of 8.

Circle three with Mrs. Judd Davis with seven present.

Miss Velma Thurman of Rogers visited her sister Mrs. Walter Fikes last week.

Mrs. Barna Williams was called to heaven July 6. She leaves a husband and baby, besides a father, mother, brothers, sisters and a host of friends. She was a good woman, a good neighbor, and was loved by all who knew her. She was laid to rest in Liberty Cemetery to wait the resurrection morn when we all will rise to meet the Lord in the air. We pray God's blessings on her loved ones.

COWS AND CANNED MILK.

The advertisement of the First National Bank of Houston which the Chronicle carried recently, was as sensible as it was timely, it was based on the fact that one ship brought into Houston 55,000 cases of condensed milk.

It was a gratifying and encouraging sign of the times. When such men as direct the policies of that bank so clearly manifest appreciation of the fact that the basic unit in the whole industrial and financial system is "the man with the hoe"—"the man behind the plow" we are destined to see a long needed change come about.

The Chronicle has for years consistently and persistently sought to drive home on the minds of its readers the very same thought which the bank so tersely puts.

To state that Texas, in which there are more cattle than in any other of the 48 states, brought in one shipment 55,000 cases of milk from California, is to state a fact which impeaches the intelligence, enterprise and business ability of the people of Texas.

It is another forceful piece of testimony showing that we are sending out of the state to buy food which the state is peculiarly equipped to produce, which policy or usage is nothing short of economic suicide.

The bank does not put it strong enough when it says: "The farmers will contribute much toward the success we seek." They will contribute everything.

The trouble is and has always been that we have looked upon the farmer as a factor who has always been a part of the economic machine as a matter of course, and as one not any more important than any other.

Familiarity has lessened appreciation of his value, and we have failed to grasp the fundamental truth that he is the one essential factor, the corner stone on which rests the whole fabric of human society.

As the Chronicle has said before, not a car wheel turns, not a locomotive whistles, not a ship spreads its sails to the wind, not a propeller turns, not a bank opens, not a merchant offers goods for sale, who is not dependent on the farmer for the ability to do what is done.

We could get along somehow without railroads or shops or banks. If not a train ran or a ship sailed, nor a bank opened, the people of Texas could go on living and would not starve, but if universal blight and disaster fell on the farmers of Texas and the rest of America, famine, disease and death would be the consequence.

When the banks and business men of Houston get wide awake enough to make up a fund to offer in prizes to the best farmers, we will see an agricultural revolution in Harris County.

As to milk and dairies, Texas is the best equipped country in the world. That is especially true of East Texas. It has grass, shade and abundant, never-failing water—three essential prerequisites to easy money-making in the dairy business.

It has, too, a mild winter climate which obviates the necessity of expensive steam heated barns. It can and does have everlasting pastures of Bermuda grass, which has been demonstrated to be the most nutritious grass a cow can eat, and one which produces more milk than any other perennial grass. Once set in any soil it is there forever. There

are hundreds of pastures in Texas in which Bermuda grass has been growing vigorously for 50 years, without resetting or replanting. It furnishes good pastures from May till November, inclusive.

Sudan grass grows as luxuriantly as it does in its native habitat, Africa. It can be cut twice within 70 days from the time it is planted, as has been demonstrated in Harris County.

Rescue grass will support more milk cows on a given area than any other grass ever grown, and it will absolutely not grow except in winter, it matters not how rich the soil the seed lie in. No heat can hurt Sudan grass and no cold can destroy Rescue grass. That, too, is a demonstrated fact.

We have then shade, grass, abundant water and a temperate climate, and besides, the demand for butter and cream can never be supplied.

Polk county, Wisconsin, has 23 creameries and 25 cheese factories. There cattle to be housed six months in the year; snow falls at times so deep that sleds go right over fences and streams and it is a cutover timber country.

When we contrast Texas with such a country, it can not fail to be seen that dairying here would be profitable.

Intensive farming, more crops on fewer acres, and more full-blooded cattle of the best strains, and intelligent application of industry and care is the crying need of the hour here.

A blooded cow must not be allowed to stand exposed to the summer's sun. She must have abundant pure water. She will drink 12 gallons and even more between the morning and

evening milking. She must be protected against beating rain and severe cold. A cow that stands in a driving rain for two hours will fall off one-third in her milk. Her stall must be clean and she must, or should, be carried down like a race horse.

Milk is the oldest species of food known to man. When Abraham sat in front of his tent at Mamre 4000 years ago and saw three strangers approaching, he told his wife to fix up some corn cakes while he killed a calf and set out some milk for the guests to be.

Solomon wrote of how surely "the churning of milk brought butter." Milk is the most healthful and strengthening food of which man ever partook, and more milk and butter can be produced in Texas at less expense than in every state in the Union combined, if the business of dairying is carried on intelligently and with that measure of care and of industry which experience has shown is necessary to success.

When Texas people avail themselves of the opportunities which are at hand, no more ships will bring canned milk into Houston.—Houston Chronicle.

PHYSICIANS URGED TO REGISTER BIRTHS.

Austin, Texas, July 31.—Laxity of physicians in reporting births as required by law is giving concern to the State Health Department, it was announced Friday, and statement was made that only 74 per cent of births are being registered. Of the other 2 per cent of children, the State has no record of their existence.

Attention was called by the Health

Department that to be in the registration area of the United States, each State is required to register 90 per cent of all births and deaths, consequently Texas is not included in this registration area. Some of the reasons why a child's birth should be made a part of the State's records are given as follows by the Health Department:

Birth registration proves the child's age, an essential point in admission to and leaving school; in marriage, voting or qualifying for jury or military services; in the prosecution of certain statutory offenses and right of jurisdiction of juvenile courts.

Birth registration proves the child's identity, an essential point in administration of property, settlement of inheritance, settlement of insurance and pensions, passport to and residence in foreign countries and readmission to the United States after residence abroad.

MEXICAN BAPTIST CHURCH.

Our Sunday attendance was 72 and two were Baptized. Seven who left to hunt work were not baptized.

Many strangers came last Sunday from the Santa Fe extra gang that are working at Buckholts.

Ten years ago we had only 4 Baptist churches in Texas. Now we have a Mexican Baptist convention that has just held its session at Kerrville. In October we will open a college at Bastrop, Texas under the management of Rev. Paul C. Bell who is treasurer of the convention.

Mexican Baptist churches organized to date are:

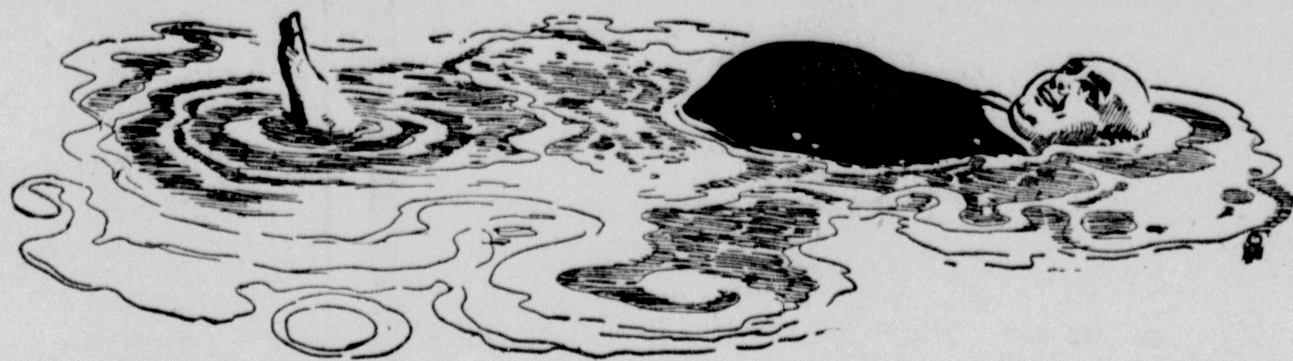

Cameron, Texas, and have one Mission, and two Licensed Preachers, Kennedy, and Karnes City, Stockdale, Runge, Waco, El Paso, Eagle Pass, Navasota, Bryan, Rosebud, San Benito, Dallas, Kerrville, San Antonio 2, big churches, and 4, Missions, Del Rio, Mission, McAllen, San Marcos,

Fort Worth, Hutto, Buda, Laredo, Pearsall, Harlingen, Gonzales, Austin, Uvalde, Corpus Christi, Hearne, Marlin, Bastrop, Poney, Chareo, Alice, San Diego, Hot Springs, San Angelo, many of the churches have from 2 to 4 Missions, and New Braunfels. Next Convention will be at Dallas, in July 1926.

F. A. HERNANDEZ, Cameron, Texas.

Help Kidneys By Drinking More Water

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent, lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.

LEASING OIL LANDS AND BUYING ROYALTIES

On the Validity of Abstracts Depends the Security of the Lease
Buyer and Royalty Buyer.

With development in the Milam County Oil Field under rapid progress many leases are changing hands and royalties being contracted.

It costs very little compared to the value of abstracting to have the records examined and perfected by us. When this is done you know your protection is guaranteed.

"It's Better to be Safe Than Sorry"

In the big lease area of Milam County in which drilling is now in progress defects in titles may be known to exist because ABSTRACTING has been neglected. Can you afford to overlook this important matter?

WE EXTEND A WELCOME TO VISITING OIL MEN TO MILAM COUNTY AND OFFER THEM THE BENEFITS OF AN EXCLUSIVE ABSTRACTING SYSTEM IN PERFECTING THE LEASE AND ROYALTY PURCHASES.

Our Abstracts are Dependable: "Ready when you want them; Right When you Get Them."

COMPLETE RECORDS OF MILAM COUNTY. OWNERSHIP MAPS. MODERN EQUIPMENT AND EFFICIENT ABSTRACTORS AT YOUR SERVICE.

Cameron, Texas.

Klan Crosses Burn in Protest Against Fort Worth City Manager

Red Flares etched against the night sky in crosses of fire—the red symbols of klan threat—were burning in Fort Worth Saturday night.

Two Ku Klux employed at the city hall in one department have been dismissed not because they were Ku Klux but because their services were no longer needed.

The Klan wants to control the city government but Manager Carr says he will run it to suit himself. We congratulate manager Carr and print the following from Fort Worth Star-Telegram:

Police of City Manager Carr of Fort Worth and his department heads regarding the employment and dismissal of municipal employees are to remain in force without heed to the protest reported to have been voiced at a meeting of the Knights of the Ku Klux Klan at the Klavern on North Main Street Friday night, Carr said Saturday.

Both Carr and Dr. L. H. Martin, director of the Department of Public Health and Welfare, flatly denied that any klansmen had been dismissed from the city service because of their affiliation with that or any other organization.

Forty fiery crosses, official symbols of the klan, burned in different parts of the city during the night in protest against certain actions of the new administration at the City Hall.

Klan No. 101 would not issue any official statement as to why the crosses were burned. However, it was unofficially learned that these were among the reasons:

Because the city government has "imported" department heads from other cities.

Because the administration is alleged by the klan to have discriminated against certain klansmen in refusing to give them employment or by dismissing some who were in the employ of the city.

Because several klansmen, employees of the health department, were dismissed from service in the past few days.

The "indignation crosses" were not meant for a protest against the city manager form of government. They, it was unofficially reported, were intended as resentment against actions of the government.

While the "crosses of fire" burned in resentment, several hundred Klansmen were at the Klan hall on North Main St. listening to speeches which included criticism of the City Council's actions.

It was stated by one Klan leader that the burning of the crosses marked the opening of a campaign for "better government" and to "let Ft. Worth know the Klan is not dead."

There was no significance attached to the places where the crosses were sent other than the fact that the sites were chosen because of lack of fire danger and because they could be seen clearly.

Flames from the crosses resulted in two fire alarms being turned in. However, there was no damage done in either case. The calls came from Twenty-first and Refugio Streets and in the 6200 block on South Jones.

Two specific acts of the City Council against which the Klan is said to be protesting are:

Permitting Chester Jones, former finance commissioner, to be dismissed from service.

Employing Dr. L. H. Martin of Austin as health director instead of employing Dr. A. W. Montague who has been city physician.

Jones for several years has been a Klan leader. He, as a member of the Klan quartet, has appeared in

public places wearing the hood and robe.

Regarding the appointment of Dr. Martin to succeed Dr. A. W. Montague, Carr said that while Montague was not officially offered a re-appointment, he was asked if he would consider it at the salary the City Council had agreed to pay and he replied that he would not. The salary being paid Dr. Martin, \$5,400 a year, is \$400 above the figure which the council had agreed to pay the health officer at the time the conversation between Carr and Dr. Montague took place. Dr. Martin's appointment was recommended by Carr and his salary was fixed by the council.

Dismissal of two employees of the health department, H. H. Brooks and J. R. McClure, was occasioned by Dr. Martin's plans for reorganization of that division, he said Saturday. Their services with the department ended Friday, but they are to be paid their salaries until August 15.

"There was no complaint of the work either Brooks or McClure was doing, and neither of them were asked what his religious, fraternal or political affiliations were," Carr said. "These questions have not been asked other employees in my department, nor any prospective employees, and will not be. Old employees are to be retained and new ones employed solely on the basis of their fitness for the work at hand and the public necessity for their employment."

Carr also denied that any municipal employee had been hired or fired because of his affiliations with any organization.

"And there will not be," he declared, "because all we want is honest, efficient work from all employees."

The city manager made it clear, however, that if any city employee ever shows a greater degree of loyalty to his church, lodge or political organization than he does to his position, he will be replaced.

RICH SPORTSMAN IN WILL LEAVES \$25,000 TO WALTON LEAGUE.

Chicago, Ill., Aug. 5.—Finley Barrell, internationally known Chicago financier, is dead, but the sportsman's heart beneath the business exterior of the man showed itself again today, when his will was filed in probate court.

Among the many bequests made in this will was one of \$25,000 to the Izak Walton League of America, of which Mr. Barrell was an enthusiastic member and national director.

Those who knew him best, say that business was of second consideration to his sports afield and astream. If it was a case of money or a trip into the out of doors, the business had to wait.

The walls of the study in his Lake Forest home are covered with trophies of the chase—mute testimony to his unerring aim and expertness in angling.

But far better than a great fisherman and a great hunter—he was a great sportsman; a man who never took more than the limit and who believed in the precepts of true sportsmanship with a whole heart.

Finley Barrell did his part to perpetuate sports afield and astream for the little chaps to come, that they might enjoy the things he knew to be

really worth while.

Thousands of sportsmen mourn his passing.

MIXUP FOR COUNTY COMMISSIONERS OF TEXAS

Austin, Texas, Aug. 1.—County commissioners of Texas will face a serious "mix-up" when they attempt, after September 1, to collect their compensation under a new law passed by the thirty-ninth legislature, which may result in defeating the purpose of the act, which was designed to increase the compensation of the county commissioners through the state. It was discovered Saturday afternoon that instead of passing one law on the subject, three were passed, all of which are printed in the general laws, two being enacted in the house and one in a senate bill. The two house bills are the same, however, being only a duplication in printing, but there is a wide divergence between the house bills and the senate bill, all of which are effective, unless knocked out by the attorney general or through the courts.

The house bill provides for a graduated scale of compensation for county commissioners. In counties having taxable valuations of \$100,000,000 or more the commissioner is to receive a salary of \$3,600 a year; the compensation is gradually decreased until it reached counties of less than \$100,000,000 or over, but differs materially as to the compensation of county commissioners in counties having a total valuation of less than \$10,000,000, for it provides that in such small counties the compensation shall be fixed at \$1,200 a year. Thus the house bill fixes a minimum compensation for county commissioners at \$1,000 a year while the senate

measure fixes it at \$1,200. It is expected that the attorney general will be asked for an opinion on the subject, or else county commissioners may take the matter into the courts. The funds under these new laws are not available until September 1.

BUSINESS RENTALS SCHEDULED TO SOAR IF WELL COMES IN.

Rockdale citizens have quit talking about what will happen "when it rains," and the talk is now all concerning "when the Magolia comes in." Indicating what may be expected to happen in the way of increased rentals might be mentioned the two following contracts made the past week:

Phillips & Perry have rented to R.

L. Long and W. R. Fairman the 30x 100 foot store building on Main street beneath the Masonic Hall. The terms of rental are \$50 per month, to be raised to \$150 per month "when the Magnolia comes in."

Lon Hudson has rented to a Luling dry goods man his 25x75 foot store rooms on Main street at \$50 per month, the amount to be raised to \$100 per month "when the Magnolia comes in."—Rockdale Reporter.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so easily. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

Bring Your Cotton To Batte Gin No. 2

The season of 1925 finds Batte's Gin No. 2 in better condition than ever to do your ginning. This gin has stood the test of time and renders the best of service.

Included in the equipment of this gin are two batteries of five all-steel air blast double-ribbed huller gins with all equipment. Also five double-ribbed Pratt's Huller gins. A 15-stand plant, with super-cleaners on every gin-stand, also four additional cleaners, boll breakers, and other improvements are included in the equipment.

The cotton crop may be short this year, but our service will be better than ever.

It will pay you to have your cotton ginned here.

Yours for service,

R. L. BATTE

When the banks and business men of Houston get wide awake enough to make up a fund to offer in prizes to the best farmers, we will see an agricultural revolution in Harris County.

As to milk and dairies, Texas is the best equipped country in the world. That is especially true of East Texas. It has grass, shade and abundant, never-failing water—three essential prerequisites to easy money-making in the dairy business.

It has, too, a mild winter climate which obviates the necessity of expensive steam heated barns. It can and does have everlasting pastures of Bermuda grass, which has been demonstrated to be the most nutritious grass a cow can eat, and one which produces more milk than any other perennial grass. Once set in any soil it is there forever. There are hundreds of pastures in Texas in which Bermuda grass has been growing vigorously for 50 years, without reseeded or replanting. It furnishes good pastures from May till November, inclusive.

Sudan grass grows as luxuriantly as it does in its native habitat, Africa. It can be cut twice within 70 days from the time it is planted, as has been demonstrated in Harris county.

Rescue grass will support more milk cows on a given area than any other grass ever grown, and it will absolutely not grow except in winter, it matters not how rich the soil the seed lie in. No heat can hurt Sudan grass and no cold can destroy Rescue grass. That, too, is a demonstrated fact.

We have then shade, grass, abundant water and a temperate climate, and besides, the demand for butter and cream can never be supplied.

Polk county, Wisconsin, has 23 creameries and 25 cheese factories. There cattle to be housed six months in the year; snow falls at times so deep that sleds go right over fences and streams and it is a cutover timber country.

When we contrast Texas with such a country, it can not fail to be seen that dairying here would be profitable.

Intensive farming, more crops on fewer acres, and more full-blooded cattle of the best strains, and intelligent application of industry and care is the crying need of the hour here.

A blooded cow must not be allowed to stand exposed to the summer's sun. She must have abundant pure water. She will drink 12 gallons and even more between the morning and evening milking. She must be protected against beating rain and severe cold. A cow that stands in a driving rain for two hours will fall off one-third in her milk. Her stall must be clean and she must, or should, be curried down like a race horse.

Milk is the oldest species of food known to man. When Abraham sat in front of his tent at Mamre 4000 years ago and saw three strangers approaching, he told his wife to fix up some corn cakes while he killed a calf and set out some milk for the guests to be.

Solomon wrote of how surely "the churning of milk brought butter." Milk is the most healthful and strengthening food of which man ever partook, and more milk and butter can be produced in Texas at less expense than in every state in the Union combined, if the business of dairying is carried on intelligently and with that measure of care and of industry which experience has shown is necessary to success.

When Texas people avail themselves of the opportunities which are at hand, no more ships will bring canned milk into Houston.—Houston Chronicle.

Fair Store Moved To Cheeves Bros.

The Fair Store has been moved from its old place to merge with the Cheeves Brothers store. All stocks have been moved from the building and the store has been discontinued.

W. J. Wood who has been running this store will now be with the Cheeves Brothers store in Cameron.

Freezing Device Put In by Parlor

The Tyson & Spratt Confectionery this week has completed the installation of a freezing system to pack their ice cream and other confections for sale. The plant has been installed at considerable expense but means a big saving in ice bills and will give a more perfect freezing system.

NO KLAN CANDIDATE DECLARES WIZARD

"WILL BE ON SIDE OF GOOD GOVERNMENT," SAYS KING OF EMPIRE.

Dallas, Texas, August 4.—Doctor Hiram W. Evans, imperial wizard of the Ku Klux Klan, on a brief visit here, declared today the klan will not be an issue in the next gubernatorial campaign of Texas and that the organization would not have a candidate for governor. Dr. Evans intends to return to Washington at once, where plans are being made for a parade of the ku klux klan.

"The only issue in Texas politics next year will be whether we are to elect officials who will serve themselves, or those who will farm out their offices to other persons," Dr. Evans said.

"Of course the klan is for good government and it will be on the side of good government regardless of what candidates are in the field."

Commenting on a controversy at Fort Worth over the employment to city workers, Dr. Evans said "that an outsider has been brought in to run the city of Fort Worth, and he is bringing in other outsiders. I think everything will be amicably settled in a short time."

FINE BARN BURNS.

About 9 p. m. Tuesday evening the splendid barn of H. E. Fuchs near Buckholts was destroyed by fire of unknown origin. Members of the family discovered the fire in time to save the stock but 3 cars of new baled hay and more than 200 bushels of corn were destroyed. The barn was a splendid farm building about a hundred feet in length. Mr. Fuchs is a breeder of red polled cattle, and had several head on exhibit at the last Cameron Fair.

Miss Florence Goldberg, daughter of Mr. and Mrs. Ben Goldberg of this city, who has been teacher in the first grade at Dickinson school for the past three years, will leave today for Austin, where she goes to accept an appointment of Gov. Miriam A. Ferguson in the Texas State Health department, under Dr. H. O. Sappington. Her many friends are wishing for her much happiness and success in her new work.—Temple Telegram.

"Hello Daddy - don't forget my Wrigleys"

Slip a package in your pocket when you go home tonight.

Give the youngsters this wholesome, long-lasting sweet - for pleasure and benefit.

Use it yourself after smoking or when work drags. It's a great little freshener!

WOOD SAWING

Will saw your wood any length.

D. L. HUMBLE.

Frigidair Plants Installed Here.

H. C. Keith representative here and star salesman for the Delco Company has completed the installation of a Frigidair system in the new O. M. Smith home, and also in the home of Dr. W. R. Newton who has not only provided for his lighting by Delco plant but has completed a water well and will have his own water works.

LOYAL WOMEN'S COUNCIL.

Mrs. G. C. Walters entertained members of the Loyal Woman's Council Monday afternoon in her attractive bungalow home. Mrs. Guy Slocumb led the Bible Study. Mrs. Grimmer of Austin was a visitor.

FOR OVER 40 YEARS

HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh.

HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces, thus reducing the inflammation. Sold by all druggists.

F. J. Cheney & Co., Toledo, Ohio.

TIGHT FEELING

Stomach Troubles Relieved by the Aid of Black-Draught.

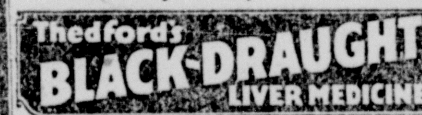

Telling how he obtained relief from very disagreeable symptoms of stomach trouble, Mr. Charles T. Wintz, of R. F. D. 4, Huntington, W. Va., made the following statement:

"I began taking Black-Draught about fifteen years ago. I would have gas on my stomach that just pressed and seemed to shorten my breath, and I would have all kinds of feeling. My head would ache and I was in a very bad fix.

"I had tried remedies that didn't seem to do me any good. I saw Black-Draught advertised and sent for it.

"After taking a few doses, I knew it was helping me. It seemed to break up the gas, and the tight, bloated feeling disappeared, and I was like a new man. I would not be without Black-Draught. I can eat anything I want to. If I get dizziness in the head, Black-Draught relieves it."

Sold everywhere; 25c. C-35a

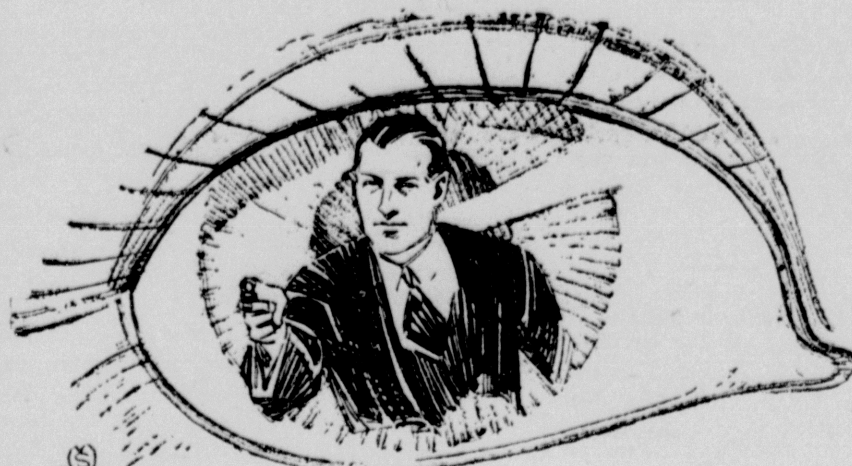

Square Drug Store Puts In Freezer.

The Square Drug Store operated by Dr. G. E. Sutton has placed in operation a refrigeration system for the ice cream and other confections sold

at the fountain. This plant will give better refrigeration and will save considerable sums from the annual expense of packing cream with ice. The plant operates by electricity.

Mr. and Mrs. W. A. Bonds are at home from an auto trip to Lubbock.

Evans' Corner

If your eye could talk as well as see

What would it say?

Would its message be one of caution—that you are heading for trouble?

With the majority of people, this would be exactly the case!

However, the eye does talk—but without words or sounds! It warns you with a tired, dull ache when you have read or worked long at a time—with sharp, thrusting flashes of pain through the head—with consistent "headaches."

Heed these danger signals, and visit a reliable optometrist at once. Your eye never "talks" in its quiet, insistent way but that it means what it says—it needs attention.

GUS EVANS

Jeweler and Optometrist

Geo. A. Thomas & Sons, Drug Store.

Friendly Counsel

Graham Brothers truck production for the first six months of 1925 equalled their entire production for 1924.

Words of commendation from good business men in every part of the world are responsible.

Thoroughly sold by their own experience with these trucks, they in turn are selling their friends.

BUILDING A COMMUNITY

Means Conservation of Its Resources.

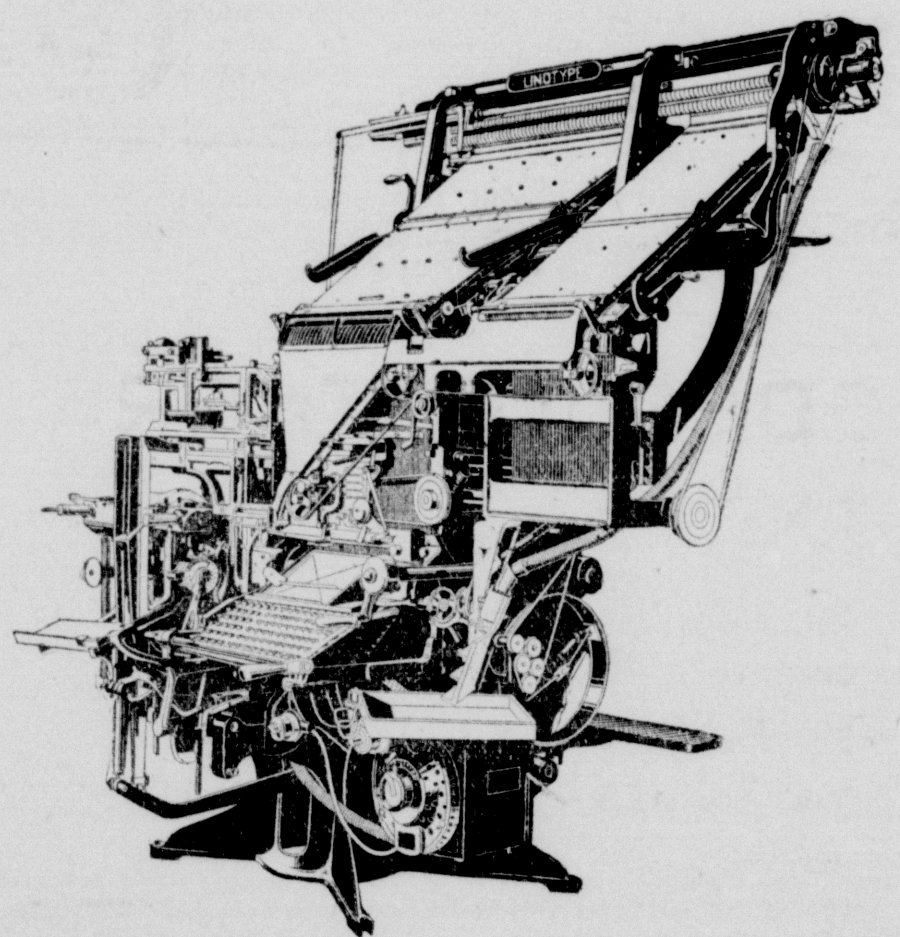

The material welfare of the community in which we live depends upon the conservation of its resources, and to conserve and protect these resources they must be favored against like resources that contribute nothing to the progress of the community.

This policy reduced to simple language means "Patronize Home Industry." The newspaper because of its peculiar mission occupies a most commanding position in advancing the thought of home patronage as well as moulding industrial policy for the community.

Newspapers Lead Fight

The Newspaper has never been found wanting when weighed in the balances where loyalty to home industry is at stake. The Newspaper is the mouth piece of the community. It is the outpost of expansion; fights the battle of the community and asks little in return. It has been content with its mission and only in recent years has its potential industrial value quickened the profession to claim its rights and to foster its independence not to the exclusion of its indispensable service to the community, but to safeguard its financial interests and net earning power to make it a worthwhile asset to the community.

Cameron supports two splendid newspapers and supports them more thoroughly than the average community, but certain abuses are evident. The newspapers appeal for the same consideration of their interests in the purchase of printing supplies as shown by the press in guarding the interest of others in combating the mail order evil and discouraging buying outside the community.

Buy Your Printing at Home. Remember Your Obligation to Home Industry.

THE CAMERON HERALD

The Largest Newspaper in Milam County

CAMERON MAN GETS POSITION OF TRUST.

L. E. Laurence, recently of Cameron, Milam County has been made Headquarters Superintendent of Maintenance at the State Highway Department. This is one of the most responsible positions in the department, as it is through this department that all state highway maintenance accounts pass for auditing and verifying.

Mr. Laurence is one of a family of fifteen children, all born and reared in Texas, and of the fifteen brothers and sisters, there are none farther away than Oklahoma, from the old family home. The mother of this splendid family is yet living, and makes her home only a mile from the place where she was born, having lived at the present home for seventy-two years.

Mr. Laurence says that in addition to being a native Texas, he is a son of the soil having grown up on the farm where he trained his muscles by grubbing sprouts, and cutting down crab grass. By profession he is however an accountant and lawyer, having practiced as an attorney for some years. Talking about the duties of his position with the big department of State Highway, he mentioned that the position came to him on his forty-fourth birthday, and that it was a very pleasant surprise.

Dr. Laurence of Thorndale, a brother of the new appointee to the big State Highway family, is a member of the State Board of Health.—Texas Highway Bulletin.

MRS. ALEX COCHRAN.

Mrs. Alex Cochran died at the home of her daughter, Mrs. Ben Baker on the Lampkin farm near Marlow on Monday. She was buried at Rice School House on Tuesday afternoon. Mr. and Mrs. Cochran have resided near Rice for many years and their friends are legion. Recently on account of bad health they have been residing in the Baker home. Mrs. Cochran is survived by her aged husband, who was a confederate soldier who came from Georgia to Texas shortly after the civil war to make his fortune, and by several sons and daughters, who sincerely mourn the loss of their good mother.

DOES YOUR BACK ACHE?

Bad Backs Bring Suffering to Many Cameron Folks.

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness. Use Doan's Pills—a

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package, containing full directions, price 35 cts.; trial package, 10 cts. At any drug store. (Adv.)

stimulant diuretic to the kidneys. Doan's are recommended by Cameron folks.

Mrs. A. E. Brady, 416 East 13th St., Cameron, says: "My back ached and when I bent over, sharp twinges darted across my kidneys, and made it almost impossible to straighten. Mornings, I had a deep-seated lameness in my back and it was hard to stir around. Dizziness was another annoyance and my kidneys were disordered and acted too freely. Doan's Pills soon remedied matters. One box rid me of kidney complaint."

BUSINESS RENTALS SCHEDULED TO SOAR IF WELL COMES IN.

Rockdale citizens have quit talking about what will happen "when it rains," and the talk is now all concerning "when the Magolia comes in." Indicating what may be expected to happen in the way of increased rentals might be mentioned the two

INTENSE PAIN

Lady, Also Nervous and Weak, Relieved by Cardui.

"I was ill and had to stay in bed under treatment for about two weeks without any improvement in my condition, which was serious," says Mrs. J. T. Abercrombie, R. F. D. 7, Brookville, Ind. "I had intense pain in my side. I was so nervous and weak and just out of heart. . . .

"After taking one bottle of Cardui, I felt like getting up. My nerves seemed steadier and I didn't feel so weak. I kept up taking Cardui and was soon feeling like my old self. . . .

"I am such a believer in Cardui until when I get nervous and weak I take it. I took it before my children were born. It strengthened me and helped my nerves. . . .

"I took a cold and . . . my back felt so weak and I had such pulling pains. I took Cardui and didn't have any more trouble. . . .

"I fell and broke my arm. The fall shook me up and made me very nervous. I told them Cardui would help that, and it did." At all drug stores. C-35

following contracts made the past week:

Phillips & Perry have rented to R. L. Long and W. R. Fairman the 30x 100 foot store building on Main street beneath the Masonic Hall. The terms of rental are \$50 per month, to be raised to \$150 per month "when the Magnolia comes in."

Lon Hudson has rented to a Luling dry goods man his 25x75 foot store rooms on Main street at \$50 per

month, the amount to be raised to \$100 per month "when the Magnolia come in."—Rockdale Reporter.

SUMMER COMPLAINT AMONG CHILDREN

There seems to be an epidemic of summer complaint or dysentery among children and grown people around Cameron this summer. If you or your children suffer from this trouble,

we will sell you a bottle of Baby Tone in a guarantee. This is different from the ordinary treatment as it neutralizes the acid condition of the stomach and bowels. Contains Bismuth which is an intestinal antiseptic also Pepsin which acts as an aid to digestion, thus assisting nature to restore the stomach and intestines to a normal condition. Has a pleasant taste and is easily given to children.

Cameron, Texas

W. J. YOUNG.

W. J. Young an old time citizen of beat 2, Milam county, died at his home near Gause and was buried at String Prairie on Thursday afternoon at 4 p. m. He had been in bad health for several years, had moved to Corpus Christi but had recently returned. He had gradually weakened from Bright's disease until he was claimed by death on Wednesday morning.

He was a native of Tennessee but came to Texas with his parents in early youth and had made his home on String Prairie until a few years ago. He is survived by his widow and seven children. Seven children had preceded him in death.

Mr. Young had been for many years a Methodist and lived a consistent Christian life. Rev. Mr. Adams of Calvert, pastor of the Calvert Methodist church, conducted his funeral services at String Prairie Methodist church which were largely attended by friends and relatives.

NOTICE.

To the lot owners who use water in Oak Hill Cemetery:

I regret that it becomes necessary for me to again call your attention to the fact that we are using too much water, but feeling that no one knew nor realized just how much they were using I think it best that I do so, and for your information I will give you the amounts used during June and July and the cost of same.

While our water bill has run entirely to high for the last six or seven months, still June and July have been the banner months so far, but I trust that we will be able to reduce it to the minimum in a short while longer and keep it there.

During the month of June we used sixty (60,000) thousand gallons of water, which cost the Cemetery 14.45 this being the largest amount used up to that time, but during July we exceeded June by thirty five (35,000) thousand gallons and used a total of ninety five thousand gallons which cost the Cemetery \$21.55 making a total of one hundred and fifty five (155,000) thousand gallons of water used during June and July which cost the Cemetery the net amount of \$36.

Now I am willing to leave it to all parties who use water in the Cemetery, or who are interested in any way, if this is not too much water to use and too big an expense for the Cemetery to bear.

I have been giving the water matter considerable attention lately and have tried to see that every leak was stopped and that no water was wasted and feel sure that I have all leaks stopped, but I am going to give it further attention and see if I have missed any, and I am going to ask all who use water and who are interested in the Cemetery in any way to co-operate with me in this and all other matters pertaining to the Cemetery and let us try to make it a success.

I want to thank all for their co-operation in the past and trust they will continue in the future.

S. W. LAW, Manager,
14-3t Oak Hill Cemetery.
Mr. and Mrs. Roger Neblett spent Friday in Waco.

The San Gabriel Correspondent to Thorndale Champion gave the following items:

While en route to Austin Monday morning Messrs. J. D. Baskin, merchant and Paul Webb, City Attorney and a friend, Robert Young of Cameron turned their car completely over into a ditch close to the home of Mr. Len Locklin. No serious injury was sustained by the occupants, but the car, a Willys Knight, was damaged.

Tom Davis of Cameron was a visitor with relatives and friends here Saturday.

Mrs. Ed. Fipps was a visitor in Cameron Thursday, going up to see Mrs. Walter Clark who has been suffering from a sprained hip. Mrs. Clark is able to be up but is unable to walk yet.

JUST A PLEASANT SMILE.

The thing that goes the farthest toward making life worth while, That costs the least and does the most is just a pleasant smile.

The smile that bubbles from the heart that loves its fellow men.

Will drive away the clouds of gloom and coax the sun again.

It's full of worth and goodness, too, with manly interest blent;

It's worth a million dollars and doesn't cost a cent.

There is no room for sadness when you see a cheery smile;

It always has the same good look; it's never out of style;

It nerves us on to try again when failure makes us blue.

The dimples of encouragement are good for me and you.

It pays a higher interest, for it's merely lent;

It's worth a million dollars and doesn't cost a cent.

A smile comes very easy; you can wrinkle up with cheer,

A hundred times before you can squeeze out a soggy tear.

It ripples out moreover to the heart-strings that will tug,

And always leaves an echo very like a hug.

So smile away, folk known by what a smile is meant;

It's worth a million dollars and doesn't cost a cent.—Selected.

ONE PROFIT STUDEBAKER ---At Even Lower Prices

These Studebaker motor cars, on which new prices are herewith announced, are the identical cars which have given Studebaker tremendous sales volume and thereby lowered production costs.

New prices include all equipment now on our various models, except that bumpers, extra tire, cover and motometer are no longer furnished on Big Sixes.

There is no sacrifice in materials nor in workmanship. Studebaker has brought out no new yearly models built to sell at new prices.

These are the same Studebakers on which we were able to announce new low prices on January 8th of this year.

The following table forms a striking tribute to Studebaker's one-profit productions.

New Prices Effective August 1st All Prices F. O. B. Factory

STANDARD SIX MODELS.

	New Prices	Old Prices	Saving
Country Club Coupe	\$1295	\$1345	\$50
Coach	1195	1295	100
Sedan	1495	1595	100

SPECIAL SIX MODELS.

	New Prices	Old Prices	Saving
Duplex Roadster	\$1395	\$1450	\$55
Sport Roadster	1595	1645	50
Duplex Phaeton	1445	1495	50
Coach	1445	1595	150
Brougham	1695	1795	100
Victoria	1750	1895	145
Sedan	1895	2045	150

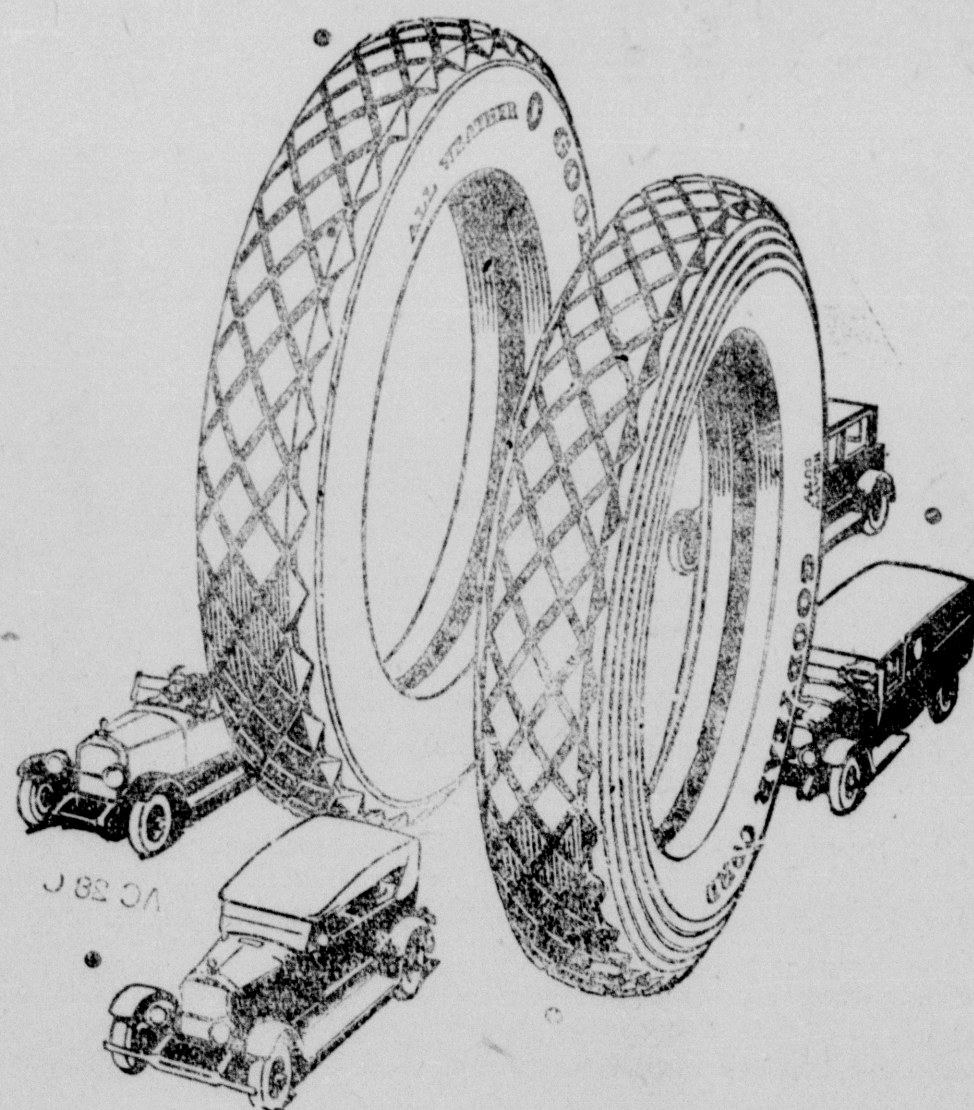

BIG SIX MODELS.

	New Prices	Old Prices	Saving
Duplex Phaeton	\$1795	\$1875	\$80
Coupe	2045	2450	405
Brougham	2195	2575	380
Sedan	2245	2575	330
Berline	2325	2650	325

Only Ford and Studebaker make in their own plants all bodies, engines, clutches, differentials, steering gears, springs, gear sets, axles, gray iron castings and drop forging used in their cars. Studebaker is the only one-profit manufacturer in the fine car field.

CAMERON, TEXAS.
THIS IS A STUDEBAKER YEAR.

Yes, Sir; We'll Take Your Old Tires in on New Balloons!

As a rule, we don't trade tires. We sell them.

But there are so many motorists now who want Goodyear Balloon Tires and whose present tires still have good value in them, that we simply have to make this good will proposition.

We'll take in your old tires as part payment on a set of Good year Balloons, either the interchangeable to fit your present wheels, or the sizes that fit new small diameter wheels.

We'll make you a good, fair, square allowance.

And you'll get genuine Goodyear Balloons, the ONLY balloon tires made with SUPERTWIST.

We can take care of you today if you call now.

Company**

CAMERON, TEXAS.

UNDER THE COURT HOUSE DOME

Roy Law, tax collector, is making considerable advance preparation for the collection of taxes this year. Not only for the convenience of the tax payers but to insure the collection of as much money as possible for the office. Notices setting out dates on which he will visit each place in the county together with the amount of taxes due by the tax payer are to be mailed out. This will prove a great convenience to the tax payers and will extend the efficiency of the office and give service which has been the watchword of Mr. Law since taking office.

One of the new faces at the court house in the family of those who administer the affairs of the county is that of B. Slocumb, first deputy under Sheriff Blaylock. In referring to Mr. Slocumb in this way we do not imply that he came to his official duties unknown but is merely a new figure in the court house who came in on the wings of a good democratic victory last year. Mr. Slocumb in charge of the office work of the sheriff's department is giving a service that is distinct in every way. He enjoys a wide acquaintance and friendship in the county, understands well his work and is proving a most valuable assistant to the sheriff in his work.

A record of faithful public service and the confidence of the people of Milam county may be said of Quinn Walker, county surveyor who is one of the oldest county officials in point of service. He has been county sur-

veyor for a number of years and his service as such is responsible for the fine estimate of administrative success placed upon the office in the past by the people of Milam county. The work of the surveyor takes Mr. Walker to every nook and corner of Milam county and his acquaintances among the people is large and his service to the citizenship appreciated.

To Ernest Walker caretaker at the court house goes the distinction of having made a record in civic improvement. Despite the drouth Mr. Walker has kept the lawn resplendent with growth in grass and flowers. It has taken much effort and time but Mr. Walker has succeeded well. The court house lawn is perhaps the only place in Milam County with the exception of a few residences that can boast of flowers and green grass. In the sere brown atmosphere of a most devouring summer heat, intensified by drouth conditions, the court house is a welcome distinction and Mr. Walker is to be congratulated on his splendid efforts.

Chas. Sens, constable has a record of long and faithful service in this office. In his service he has made a record of which his many friends are proud. He is valuable in the office of constable and has been closely allied with the office of sheriff as a co-operative officer. He is not only familiar with all details of the work of the office but enjoys a wide acquaintance with peace officers throughout the state.

NOTICE OF FILING ACCOUNTS.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Milam County—GREETING: YOU ARE HEREBY COMMANDED to cause the following notice to be published for a period of not less than one year preceeding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once a week for the period of twenty days exclusive of the first day of publication before the return day hereof:

NOTICE OF FILING ACCOUNTS—ESTATES OF DECEASED.

THE STATE OF TEXAS.

To all persons interested in the Estate of Lucia Myers, Deceased, W. L. Myers, Administrator, has filed in the County Court of Milam County his final account as such administrator, together with his ap-

plication for the discharge of himself and the sureties on his bond, which will be heard at the next Term of said Court, commencing the first Monday in August, 1925, same being the 3rd day of August, A. D. 1925, at the Court House thereof, in the city of Cameron, at which time all persons interested in the said estate may appear and contest said account, should they see proper to do so.

HEREIN FAIL NOT. But have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court this 8th day of July, A. D. 1925.

LILIAN ATKINSON,

Clerk County Court, Milam County Texas. 11-31

SUMMER COMPLAINT AMONG CHILDREN

There seems to be an epidemic of summer complaint or dysentery among children and grown people around Cameron this summer. If you or your children suffer from this trouble, we will sell you a bottle of Baby Tone in a guarantee. This is different from the ordinary treatment as it neutralizes the acid condition of the stomach and bowels. Contains Bismuth which is an intestinal antiseptic also Pepsin which acts as an aid to digestion, thus assisting nature to restore the stomach and intestines to a normal condition. Has a pleasant taste and is easily given to children.

Giving Everybody a Square Deal On Electric Light and Power Rates

"The dominating fundamental principle of rate charging in the United States—approved by our State Regulating Commissions—is to make each group of consumers self-sustaining and pay for

the cost of the service they are receiving. That is, not to carry one group at the expense of some other group."

—Smithsonian Institution.

One of the greatest problems with which the management of the electric light and power companies as well as the public service commissions of the various states are most earnestly striving to solve is that of fixing rates upon the basis of which charges made for electric light and power service shall be equitable to all classes of consumers and to the company rendering the service.

It is evident that a really fair charge to each individual customer would be one equal to the actual cost of rendering and maintaining the service respectively supplied, plus fair interest on the investment required to render that service.

That is the ideal which in practice the electric light and power companies and the public service commissions are striving to reach. But the difficulty hinges on the fact that the investment and operating costs to render the service demanded are not entirely proportionate to the amount of electricity supplied.

Here are the reasons why:

1. The cost of meter reading, accounting, billing, collections and other items of overhead and service are practically identical in the service of customers whose consumption of electricity widely differs.
2. The difference between production, transmission, distribution and meter installation costs involved in giving service to large and small users is usually less in proportion than the difference between the amounts of electric energy respectively supplied.
3. The costs named in item 2 are further modified by the degree in which the consumer maintains a continuous demand for a uniform amount of electricity, and by the time of day at which the consumer's use of electricity is greatest.

For instance, suppose a customer has his own power plant but wants to make an arrangement whereby, if his own plant breaks down, he can immediately switch his lights and motors on the electric light and power company's system. Obviously the electric company has to provide all equipment necessary to carry that load if or when it comes. Consequently a charge is made for this

"stand-by service"—even though the plant capacity held available is never actually used in that particular customer's service. It is self-evident that such a charge is just. On the same principle this stand-by factor enters into the service of customers who use electricity supplied by the electric light and power company in large volume during short periods but in relatively small volume the greater part of the time. Since the electric company must invest in equipment of sufficient capacity to accommodate the customer's greatest demand it is necessary to apply a stand-by charge to the customer's bills to help carry this investment when the customer's demand for electricity falls off. It is this stand-by principle when so applied that is meant by the item of "demand" often referred to in electric light and power rate schedules.

As for the variation in charges arising from the time of day at which a given customer's greatest demand occurs, it is apparent that during certain hours of the twenty-four less energy will be normally required for electric light or power. Therefore, conforming to the law of supply and demand, a lower rate is justified during such hours in order to keep invested capital productively employed and to compensate the customer for using the service at an unpopular time.

4. Certain classes of electric equipment used by many electric light and power customers have inherent characteristics which demand from the electric light and power system to which they are connected an amount of generating and transmission capacity exceeding that required by other electric appliances using a similar amount of power. If the electric company supplies energy to the first class of appliances at the same rate as to the second class it will be seen that the first class is tying up a disproportionate part of the company's service facilities without returning adequate compensation. Consequently some companies provide for such cases by introducing in their rate schedules a "power-factor" clause which equitably discriminates between the two classes of service. Electric light and power companies are also increasingly active in preventing the need of applying such a clause to their rates, by pointing out to the customer the advantage to himself of using equipment having desirable power-factor characteristics.

It will be seen from the foregoing that the making of just rates for every electric light and power user is a difficult problem. The rates that are in force today are the result of sincere efforts on the part of the electric light and power companies and the regulatory bodies empowered by government, to reconcile many factors for the one purpose of assuring to the public the best service on a sound basis.

SOCIETY NEWS

BY MRS. JEFF T. KEMP

DANCE AT PAVILION.

Friday evening in the City Park Miss Pauline Green entertained with a picnic supper in honor of Miss Irma Dalrymple of Lubbock. The supper was followed by dancing on the pavilion. Music was furnished by a colored pianist.

SWIM AND BREAKFAST.

Tuesday morning at River Beach Mrs. Leland Green gave a swimming party and breakfast naming as honorees the young ladies of Miss Pauline Green's house party, Miss Grace McNamara of Austin, Margery McCall of Brady, Connie Redus of San Antonio and Miss Irma Dalrymple of Lubbock. The party left town about seven a. m. and after a plunge in the cool waters of Little River enjoyed with zest the bounteous breakfast served by Mrs. Green, assisted by Mrs. Lena Baskin, embracing on the menu the following:

Iced cantelopes, egg omlet, crisp bacon, hot coffee, hot rolls, butter, preserves.

Among the participants in this pleasure were Misses Mary and Dallis Young, Helen and Mary Frances Green, Louise and Mary Sue Denson, Bill Fontaine, Bess Wiley, Juanita Caldwell, Agnes Henderson.

BRIDGE PARTY.

Tuesday afternoon Miss Pauline Green gave a Bridge party naming as her honorees her house guests Misses McCall, McNamara, and Redus and Miss Elizabeth Green of Rosebud.

Little Miss Mary Ann Green passed the score cards. High score in the games was made by Miss Lucile Ford and low score by Miss Dallis Young. Daity handkerchiefs were given to the honor guests.

An attractive salad course was served.

Among the out of town guests were Misses Bill Fontaine of Jones Prairie, Mary Joe Harlin of Port Sullivan, Mrs. Leslie Green of Temple, Eleanor Phillips of Rockdale, Lucile Ford of Baileyville.

EPWORTH LEAGUE MEETING.

A District Epworth League meeting in Marlin this week was the source of much importance to League workers from Cameron.

Addresses by Mr. Foote Conference Organizer and by Joe Connolly of the Student Volunteers were especially fine. Mr. Connolly is a Rosebud boy, a graduate of S. M. U. Dallas and will

TEACHERS' EXAMINATIONS

Teachers' Examinations will be held at the Yee High School building on Friday and Saturday, August 14 and 15 as has been previously announced. This is the last opportunity for teachers who are wishing to complete building under the old law. Those desiring to take the examinations will observe the following schedule:

Friday forenoon—Spelling, physiology, music, elementary composition, higher English composition, physical geography, botany, English literature, solid geometry, methods of teaching applied to the elementary branches, geology.

Friday afternoon—Texas history, elementary grammar, descriptive geography, plane geometry, American literature, bookkeeping, English history biology, advanced grammar, child study.

Saturday forenoon—Arithmetic, writing, methods and management, reading, civics, modern history, psychology, chemistry, history of education, zoology.

Saturday afternoon—United States history, agriculture, drawing, ancient history, algebra, physics, plane trigonometry, school administration, economics, school law.

PROGRAM.

Program of the Trustee Meeting to be held at the City Park August 12: 10:00 to 10:15—Welcome Address—O. L. Kidd, Cameron. 10:15 to 10:30—Response—H. H. Camp, San Gabriel. 10:30 to 12:00—Address—Hon. S. M. N. Marrs, State Superintendent of Public Instruction, Austin. 12:00 to 2:00—Lunch. Music and after dinner speeches by members of the Lions Club and Commercial Club. 2:00 to 2:30—Some Needs of Our Rural Schools—Mrs. Kathryn K. Bobbins, County Superintendent of Education. 2:30 to 4:00—Address—Consolidation and Transportation—W. L. Hughes, Professor of Rural Education, A. & M. College.

DONT TRY TO RAISE your family without it. For stomach aches and pains; sudden cramps, severe intestinal colic and indiscretions of eating and drinking, changes in water, diet or climate, take

be in Yale next year.

Miss Maggielu Aycock Director of the Cameron League, Misses Iva and Ima Wilson, Katharyn Ledbetter and Evelyn McCall, delegates from Cameron attended the meeting. On Sunday afternoon a marked feature of the program was a vocal solo by Miss Evelyn McCall of Cameron.

CHRISTIAN ENDEAVOR.

Following is the program for the Christian Endeavor program for Aug. 9th:

Subject—The Benefits of Wholesome Play.

Leader—Ruby Robbins.

Song 232.

Sentence Prayers.

Responsive Reading—Psalm 15.

Talk on Play—Leader.

Value of Play—

Health—Florence Atkinson.

Morality—Sue Griffin Webb.

Self Control—Billie Wallace.

Decision—Doris Fairleigh.

Courage—Montague Triggs.

Team Play—Kathryn Atkinson.

Spartaniship—Kenneth Rogers.

Song 196.

Mispah.

All members are urged to be present and bring some one with them.

PRESBYTERIAN CHURCH.

There will be preaching Sunday at regular hours. Mr. Moseley of Austin will hold the services at the Presbyterian church.

Every member is urged to be present.

BIRTHDAY CELEBRATION.

On Saturday August 1st, Mrs. Mollie Barmore celebrated her 80th birthday with her son J. A. Barmore.

At 4 o'clock a few friends were invited to the hospitable home of Mrs. J. A. Barmore where unknown to the honoree a birthday party had been arranged. During the afternoon the ladies were entertained by vocal solos and old time fiddle waltzes rendered by Marjory, Roy and Mr. Barmore. Mrs. Barmore asked the ladies into the living room where after cutting the cake assisted by her lovely daughters served grape juice. Those present were: Mesdames Mary Freeman, Butler, Ireland, Hildreth, Bell, Yager, Atkinson, J. S. Barmore and A. W. Massengale.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.
